

CURRICULUM VITAE

Frances Grace Hart, B.A.

francesghart@gmail.com | frances.hart@yale.edu

GitHub: <https://github.com/francesghart/>

Personal website: <https://francesghart.github.io/>

ORCID: <https://orcid.org/0009-0002-9803-6804>

Education

- 2021- 2023 **Boston College**, Chestnut Hill, MA
 B.A. Psychology (Philosophy minor), *Cum Laude*
 Psychology Honors Program, Clinical Psychology Concentration
 Overall GPA: 3.73, Psychology GPA: 3.74
 Honors thesis: *Development of an interpretation bias measure for death anxiety*
 Advisors: Courtney Beard, Ph.D., Karen Rosen, Ph.D.
- 2019-2020 **Randolph College**, Lynchburg, VA

Research Interests

Suicide, death concepts, existential psychology, religion/spirituality, theory formalization, measurement, computational modeling, ecological momentary assessment, scalable interventions, metascience

Fellowships and Grants

- National Science Foundation Graduate Research Fellowship - *accepted Fellow* 2024
 - *Title*: A computational investigation of the influence of death attitudes and religious identity on high risk behaviors
 - *Total funds*: \$159,000
- Fulbright U.S. Student Program Finalist, Netherlands - *accepted Scholar* 2024
- Boston College Conference Travel Grant (\$750) 2023
- Boston College Conference Travel Grant (\$400) 2023
- Boston College Advanced Study Grant (\$2,749) 2023
 - Role: Principal Investigator
- Boston College Undergraduate Research Fellowship 2021, 2022
 - *Total funds*: \$8,780

Awards and Honors

- SRNDNA Computational Modeling Workshop - Travel Award 2024
- Meeting of the Minds- selected representative, Boston College 2024
- Existential Positive Psychology Student Membership Award- First Place 2023
 - International Network on Personal Meaning
- Metascience Summer School Travel Award 2023
 - Berlin Institute of Health QUEST Center
- Center for Open Science Metascience Conference Travel Award (\$300) 2023
- Scott O. Lilienfeld Memorial Prize for Scientific Thinking in Clinical Psychology 2022
 - Cambridge University Press (\$500, \$250 books credit)
- Sentio University “Therapist Throwdown”- Third Place 2022
- Boston College Resident Assistant Best Program of the Year- *nomination* 2022
- Boston College Dean’s List 2021, 2022, 2023
- Randolph College Dean’s List 2019, 2020
- Randolph College Philosophy Department ‘Rookie of the Year’ Award 2019

- Randolph College Excellence in Writing Award

2019, 2020

Research Experience

Yale University

July 2024-present

Computational Clinical Science Lab- Postgraduate Associate/Lab Manager

Principal investigator: Dr. Shirley Wang

- Co-designed and implemented the Tracking Real-time Actions, Contexts, and Emotions (TRACE) Study - a large-scale EMA study on SITBs and eating disorder behaviors
- Spearheaded creation of core lab infrastructure as inaugural lab manager, including a lab manual, internal Wiki, finance tracking system, recruitment materials, research assistant task management protocols, and more
- Assist with the preparation of multiple NIH- and foundation-based grant submissions
- Serve as primary liaison for IRB communications; led authorship of a comprehensive umbrella IRB protocol covering ecological momentary assessment, longitudinal, qualitative, cross-sectional, and experimental designs for suicide research
- Conduct data cleaning, visualization, and statistical analysis in R and Python
- Mentor and supervise undergraduate research assistants, providing training in research methods, coding, study protocols, and professional development
- Lead weekly journal club discussions on suicide research, ecological momentary assessment, and philosophy of science / metascience
- Coordinate lab social events and team-building activities to foster a collaborative and inclusive lab culture
- Manage lab social media presence to promote research visibility and recruitment

Yale School of Medicine

June 2023-June 2024

Beliefs, Learning, and Memory Lab- Intern

Principal investigator: Dr. Philip Corlett

- Conducted an independent project on death anxiety and paranoia in a community sample
- Helped create a video series of instructional coding videos
- Learned about computational methods for modeling psychosis and schizophrenia
- Learned about computational psychiatry and cognitive science
- Learned about hierarchical gaussian filters
- Attended lab meetings
- Created surveys using Qualtrics
- Maintained website using Visual Studio Code
- Created and operated the lab's social media

McLean Hospital/Harvard Medical School

January 2022-May 2024

Cognition and Affect Research and Education Lab - Research Assistant

Principal investigator: Dr. Courtney Beard

- Recruited, onboarded, and assisted over 100 participants for a randomized control trial of the interpretation bias modification app, *HabitWorks*, in a community sample
- Conducted an independent project on religious identity, suicidality, and fearlessness about death in a sample of adults attending acute psychiatric treatment, including data analysis using SPSS and the PROCESS macro
- Conducted a thesis on death anxiety and interpretation bias
- Successfully mentored an undergraduate student in the securing institutional funding for their senior thesis
- Trained in the Mini International Neuropsychiatric Interview and Columbia-Suicide Severity Rating Scale
- Wrote and submitted an IRB protocol
- Co-authored a project on mental state language and treatment outcomes in a partial hospital
- Assisted with tasks for NIMH-funded studies evaluating the cognitive bias modification app *HabitWorks*, including building its website and social media presence and transcribing qualitative interviews
- Attended meetings with the HabitWorks User Advisory Board
- Created RedCap surveys, including Word Sentence Association Paradigm tasks
- Drafted and submitted a grant proposal to the International Society for a Science of Existential Psychology
- Participated in weekly lab and project meetings, weekly individual supervision meetings, and biweekly research assistant development seminars
- Created an annual newsletter for the Behavioral Partial Hospital Program
- Created and manage the lab's social media presence across various platforms including academic Twitter
- Conducted mentored ad hoc peer reviews
- Conducted literature searches for various projects

Boston College

August 2020-August 2022

Cooperation Lab - Research Assistant

Principal investigator: Dr. Katherine McAuliffe

- Trained and mentored interns in proper testing procedures and lab etiquette

November 2025

- Coded data from video recordings of study trials using Microsoft Excel
- Helped design and pilot stimuli assessing children's developing religious beliefs for the John Templeton Fund-supported Developing Belief Network
- Assisted with the design of a study on ingroup versus outgroup gratitude and indebtedness
- Ran over 150 child participants via Zoom in experiments studying resource allocation, minimal groups, cognitive load, and forgiveness
- Recruited and scheduled over 200 participants for over 6 studies virtually and on-site
- Conducted literature reviews
- Applied effective time management and communication skills to successfully complete duties remotely during the COVID-19 pandemic
- Attended weekly inter-lab meetings

Boston College

July-August 2020

Cooperation Lab - Intern

Principal investigator: Dr. Katherine McAuliffe

- Completed a course on "R"
- Conducted an extensive literature review on works investigating gratitude and indebtedness
- Presented in lab the study design of an experiment on ingroup versus outgroup gratitude and indebtedness
- Recruited and scheduled over 50 families for virtual studies
- Assisted with developing an ingroup bias project's study design, procedural solutions, and recruiting
- Adapted skills to accommodate working remotely due to the COVID-19 pandemic

Randolph College

October 2019-May 2020

Embodied Cognition Lab - Research Assistant

Principal investigator: Dr. Holly Tatum

- Ran dozens of participants in an experiment researching cheating and risk taking behaviors in high school students
- Operated virtual reality technology in experimental conditions

Professional Service and Leadership

Computational Psychiatry Conference

September 2025-present

Local organizing committee

- Assist with essential logistical conference tasks, including locating and booking a venue, caterers, etc.

Measurement is the New Black

June 2025-present

Newsletter Manager

- Create and disseminate quarterly newsletters regarding recent developments in psychological measurement

Yale University Wu Tsai Institute Neuroscience and Cognition Bootcamp

April 2025

Group leader

- Mentored high school students in the creation of their own research project
- Spoke on a student panel regarding college and research

Yale University Wu Tsai Institute Undergraduate Summer Research Program

July 2024

Presentation Reviewer

- Provided undergraduate research assistants across STEM disciplines with constructive feedback on their “lightning talk” presentations

ABCT Student Special Interest Group

July 2022-present

Co-chair

- Organized and chaired the free and virtual “Student Research Symposium” for three years, showcasing work from over 200 students across 5 continents and 7 countries
- Organized and chaired two special sessions at annual conventions on different graduate school experiences with current PhD, PsyD, and masters-level students and recent graduates to inform prospective students
- Organized and chaired two webinars on applying to the National Science Foundation Graduate Research Fellowship Program as a current or prospective clinical psychology student featuring a panelist of current Fellows that attracted over 300 registered attendees
- Organize the Student Special Interest Group Poster Session at each annual convention
- Collaborated with the Dissemination and Implementation Special Interest Group to host a webinar on navigating academic conferences that attracted 39 registered attendees
- Sponsored a session on the reimagining of clinical science PhD programs featuring field leaders including Dr. Mitchell Prinstein and others at the 57th annual ABCT Convention
- Grew group membership by over 20% in the first month of leadership
- Created and maintained social media, growing the SIG’s following to 1000+ followers

ABCT Student Membership Committee

January 2023-December 2023

Undergraduate representative

- Advocated for a virtual option for international students for the 2022 convention
- Attend quarterly meetings
- Support student issues such as voting within the larger organization of ABCT

Boston College Psychology Department

September 2021-December 2023

Peer Mentor

- Provide mentees with information and resources in the psychology department at Boston College
- Advise mentees in finding research opportunities and preparing for graduate school
- Provide information and resources about research, graduate school, and careers in psychology and neuroscience

Boston College Transfer Admissions Program

September 2021-May 2022

Peer Mentor

- Assist new transfer students in acclimating to Boston College academically and socially
- Connect students with relevant campus resources

Ad Hoc Reviews

Psychology, Health, and Medicine

October 2025

Ad Hoc Mentored Reviews

Behavior Research and Therapy

March 2023, March 2025

Journal of Consulting and Clinical Psychology

June 2022

Journal of Anxiety Disorders

March 2022, June 2022, February 2024, May 2024

Diversity, Equity, and Inclusion

**Committee on Racial Equity & Justice,
Yale University Psychology Department**

November 2024- present

- Serve on the Service to New Haven Subcommittee
- Assisted with data collection in New Haven, CT on how the Yale Psychology Department could be useful to local residents
- Support broader Committee activities to improve and sustain a more reciprocal relationship between Yale and New Haven

CURA Program, Boston College

August 2023

Group facilitator

- Led a group of students in discussing what it means to “care for the whole person”
- Created intentional spaces for students meaningfully engage across differences

Imani Multicultural Center

June 2021-December 2023

Social Media and Outreach Coordinator

- Create and manage the social media presence and community outreach of a Muslim-led interfaith organization aiding refugees in obtaining homes, work, mental health counseling, and more
- Manage fundraising efforts
- Assist the organizing of dinners serving hundreds of meals to houseless community members in Fredericksburg, VA
- Promote and attend interfaith community events (e.g., Eid celebrations)

Intersectional Feminist Activism Club, Boston College

January-May 2021

Economic Justice Chair

- Led the Economic Justice subcommittee of the proposed Boston College Intersection Feminist Activism Club
- Participated in the proposal of the Intersectional Feminist Activism Club to the Boston College administration
- Discussed the intersectionality of race, class, gender, and other identities

Dialogues on Race, Thea Bowman AHANA and Intercultural Center

January-May 2021

Participant

- Discussed the implications of racialization in social media (2021) with a diverse group of open-minded individuals
- Practiced cultural humility and generous listening

Randolph College Diversity and Inclusion Subcommittee

September-October 2020

Committee Member

- Appointed by faculty
- Wrote and submitted a proposal for a new Diversity and Inclusion Center at Randolph College to the college’s administration and Board of Trustees
- Collaborated with a team of six like-minded and action-oriented individuals

National Organization for Women, Randolph College Chapter

October 2019-October 2020

Founding President

- Founded Randolph College’s chapter of the National Organization for Women
- Organized awareness initiatives on topics including Missing and Murdered Indigenous Women, transmisogyny, womanism, reproductive justice, voting registration, etc.

- Created and published social media campaigns promoting social and political justice, action, and education
- Founded a Feminist Book Club centering the lives and experiences of BIPOC women
- Assembled and trained a leadership team of 7 competent and motivated women to achieve club goals
- Adapted the club model to accommodate remote activism and collaboration during the coronavirus pandemic

Clinical Experience

Baker Center for Children and Families

January- May 2023

Clinical fieldwork student

- Scored patient assessments including the Child Behavior Checklist, Conners Comprehensive Behavior Rating Scales, Child Depression Inventory, Revised Children's Manifest Anxiety Scale, Spence Children's Anxiety Scale, Parenting Stress Index, Home Situations Questionnaire, Trauma History Screen, Eyberg Child Behavior Inventory, Preschool Anxiety Scale, and Child PTSD Symptom Scale for DSM-V
- Developed clinical voice in report writing
- Attended weekly assessment and evidence based practice seminars
- Learned about Child Parent Psychotherapy, Trauma Focused CBT, Parent Child Interaction Therapy, Live Coaching, Motivational Interviewing, and more
- Provided administrative support
- Provided evidence-based childcare using PRIDE skills

Boston College Residential Life

Fall 2021-December 2023

Resident Assistant

- Served as the Healthy Living Learning Community resident assistant
- Developed health- and wellness-based programs with community partners
- Respond to residents in crisis about suicidality, grief, substance use, identity-related issues, relationships, etc.
- Provide emotional, interpersonal, and institutional support to over 50 residents per year
- Ensure the safety of over 1000 residents
- Collaborate with colleagues and officials in the support of students
- Maintain a welcoming and positive attitude to foster an inclusive living community
- Complete professional and personal development trainings
- Serve as Resident Assistant Council Representative to improve residential life

Teaching Experience

Harvard University, Teaching Assistant - *Introduction to Psychological Science*

January-May 2024

- Led two sections of 11 students each in discussing topics relevant to Introduction to Psychological Science (e.g., research methods and ethics, brain structure, psychopathology, etc.)
- Led lesson plan development for sections on sleep and psychopathology
- Hosted weekly office hours to support student learning and academic development
- Provided feedback on written assignments
- Graded exams
- Fostered a collaborative and inclusive learning community

Boston College, Student-Athlete Academic Services

Spring 2022-December 2023

Psychology and Philosophy Tutor

- Tutored courses in introductory psychology, social psychology, biological psychology, and philosophy

- Aided students in content review and comprehension
- Guided students in creating and maintaining effective academic strategies and time management

Randolph College, Psychology Department

Fall 2020

Psychology Tutor

- Tutored courses in introductory psychology
- Aided students in content review and comprehension
- Guided students in creating and maintaining effective academic strategies and time management

Relevant Skills

Programming & Software

Proficient: MATLAB, Python, R/RStudio, Markdown, Git/GitHub, SPSS, Wiki, Visual Studio Code, JupyterLab

Basic: PROCESS Macro, NetLogo, Google Colab, GNU nano, TOML, YML, HTML, CSS, Linux, JavaScript, Gorilla

Data Collection

Metricwire/Catalyst, Prolific, Ripple, Rally, RedCap, Qualtrics, in-person and virtual qualitative interviews

Data Analysis

Qualitative: thematic analysis

Quantitative: t-tests, ANOVA, mediation, binomial testing, linear regression, generalized linear mixed models

Computational: natural language processing (topic modeling, sentiment analysis), decision theory (ambiguity aversion), reinforcement learning

Clinical

Stanley-Brown Safety Planning, Self-injurious Thoughts and Behaviors Interview- Revised, PRIDE Skills, Mini International Neuropsychiatric Interview, Columbia-Suicide Severity Rating Scale, Weschler Abbreviated Scale of Intelligence

Other

Oculus Rift Virtual Reality, ASEBA, Advanced MD, Microsoft Suite, Google Suite, Vyond, Canva, Twitter, Instagram, Facebook, LinkedIn, ResearchGate, Slack, Basecamp, Wix, graphic design, Rally, Insight

Selected Coursework

Course

Computational Methods in Human Decision Making
Multivariate Statistics
Research Practicum in Human and Artificial Intelligence

Institution

Yale University
Yale University
Boston College

Computer Science I	Boston College
Experimental Design and Statistics	Boston College
Introduction to Mathematical Modeling	University of Mary Washington
Philosophy of Science	Boston College
